AIA Brooklyn + Queens Design Awards 2018

Winners to be honored at the BQDA Gala on June 27, 2018 at Terrace on the Park, Queens, NY

As we approach the 2018 summer season it only means another awards season for AIA Brooklyn has come upon us. The Brooklyn + Queens Design Awards (BQDA) has returned, continuing its collaboration with the AIA Queens and AIA Bronx chapters. After deliberating nearly 100 entries, our five jurors from different disciplines and organizations in architecture have selected another year of design excellence winners. As always, BQDA mission is not only to present the great designs happening in our boroughs but also taking a great opportunity to show the power of collaboration and our 2018 jury was no exception. Our 2018 jury consisted of distinguished members of AIA New York State, American Society of Landscape Architects, The New York Chapter of The National Organization of Minority Architects, New York Institute of Technology, and University of Buffalo. Their top selections will be presented in the following pages including the public people's choice awards for 2018. Over the course of the month of April, the jury reviewed projects which they were mesmerized on the level of remarkable work happening in Brooklyn, Queens, Bronx and Beyond. Because of it, this year was a tough deliberation for the jury and hoped they could've awarded to most of these projects. The selection for Design of the Year (to be revealed at the 2018 Gala) was the longest deliberation in the history of the BQDA program. The jurors were glad the entries made their task harder as it only means the architects in our neighborhoods are pushing the envelope for our profession and our communities.

Twenty nine projects across nineteen categories will be recognized on June 27 with the Excellence, Merit, and Chapter Awards with one of the Excellence recipients receiving this year's Design of the Year Award. People's choice awards voting was also deliberated throughout the month of April and over a thousand votes were cast and winners will be honored for their work in Brooklyn, Queens, Bronx, and Beyond. In addition, we

will be honoring five individuals that have provided a significant amount of contribution in the profession through BQDA honor awards (winners to be in the following pages).

All of our winners will be honored at our BQDA Gala on June 27, 2018 at Terrace on the Park in Queens. Visit aia-bqda.weebly.com for ticket going on sell near the end of May. A big thanks to our sponsors Eric Soltan Photography, Super Enterprises-Marvin and Benjamin Moore for helping make this program successful. Please visit aia-bqda.weebly.com for all our winner's and project information.

Jurors for the 2018 Brooklyn + Queens Design Awards were as follows, Graciela Carrillo, AIA, LEED AP; Jeffrey Charles-Pierre, NOMA, Assoc. AIA; Toshi Karato, PLA, ASLA; Assoc. AIA; Kelly Hayes Mcalonie, FAIA; and Giovanni Santamaria
